**Luciano Buonfiglio**  
**President of the Italian**  
**Canoe Kayak Federation**

I am particularly proud, as President of the Italian Canoe Kayak Federation, to welcome on the Idroscalo basin the protagonists of these canoe polo World Championships.

Since 1995, when the European Championships took place at the Italic Forum in Rome, this gladiator-style and spectacular canoe speciality has not shown to the Italian public, and in a worthy venue.

And what a venue!

It is known that Idroscalo is demanded by all the water sport disciplines also for the pleasant location, let alone the reliability of structures and those who run them, the Province of Milan. Moreover, once again the federal board of directors has considered Idroscalo Club, with its experience in carrying out canoe sport big events, able to undertake the task of the organisation.

Besides the owner ,the Lombard Region, the Municipality of Milan, the Municipality of Segrate and several loyal sponsors, who are precious collaborators, support the event.

I dare to say that the atmosphere is the one of a big family that organises the big party in the “smartest lounge” of the territory; in fact, even all the members of the different services, from the time-keepers the referees, the security and first aid personnel to the crowd of capable volunteers, are all extremely willing to take part and do well.

A deep thanks to RAI, too, who will broadcast live on Saturday and Sunday the quarter-finals, the semi-Final sand finals. I am sure all the athletes will offer an exciting show, our blue team is one of the best among the senior, they are in fact the current European Champions, but also among the junior.

**José Perurena Lopez**  
**President of**  
**International Canoe Federation**

Dear Canoe Polo Fans,

Welcome to the 2010 ICF Canoe Polo World Championships. The way this great sport is growing in Italy and thanks to the superb tradition of hospitality, one can only presume that we are in for a superb competition.

The very fact that we have guaranteed live television in Italy and a highlights show for the rest of the world shows just how popular the sport is. Plus, we at the ICF are united in expressing our appreciation of the club's facilities and for the work done so far by the Event Hosts here at the Idroscalo Club; their finesse with organisation, communication and procedures for accrediting the teams has been second to none.

What's more, the changes made to the sport in 2009 will make for more exciting and attacking games. The points system changed, together with the introduction of an 'overtime/golden goal' rule which replaced penalty shootouts.

In terms of competitors, Netherlands Men, Great Britain Women and Great Britain Men are current World Champions and they will try to defend their titles, but we are expecting big games from Italy too, especially From Italy's Mens team who are the reigning European Champions. With rapidly improving teams from all Around the world out to upset the big names, the number of team entries and the number of nations look likely to break all previous records. Indeed, the 2010 World Championships are anticipated to be the most exciting yet. So enjoy, I look forward to seeing you in September.

## 2010 I.C.F. CANOE POLO WORLD CHAMPIONSHIPS – MILAN 1 – 5 SEPTEMBER

**Mp Guido Podestà**  
President  
of the Province of Milan

The 9th “Canoe Polo World Championships” edition is an appointment not to be missed, patronized with pleasure by the Province of Milan. Sixty-five teams belonging to the twenty-six nations that gained the qualification to play the world titles will be challenging each other in a passionate contest. I will have the honour to host athletes and fans at the Idroscalo Park, run by the Local Authority and natural temple of the water sports with its 800.000 sqm. basin, adding to it another 800.000 sqm. ground surface. An excellent place for sport practised by champions and simple lovers: a safe space, devoted to the reception of young people, families and the elderly, enjoyed each year two and a half millions of citizens who spend their free time doing sport, or simply relaxing.

Sport is one of the priority of my council that, since the beginning of the mandate, supports and promotes important national and international sport events.

To be mentioned, among the others, the canoe kayak italian championships, the water skiing italian championships, the european canoe kayak competition “Europe Spring” and the “rowing Easter”, which saw athletes coming from all Europe, from the universities of Zagabria, Spalato, Maribor, Parigi, Hannover e Copenhagen, and moreover the disabled canoe polo national selections. Sport, as I learned practising water polo when I was young, is an exercise of freedom that trains above all the young people to respect the rules, to sacrifice, to solidarity, to justice. It educates to never leave someone behind, because you get first if you win together.

The Province of Milan supports and promotes sport in the firm belief that its practise allows any individual to realize his own potentiality. Sport is participation and sharing, a real hymn to life. For this, in the name of the Province of Milan I welcome all the athletes who will challenge each other in this 9th “Canoe Polo World Championships”, wishing it might be one of the most exciting experiences of their competitive career.

## 2010 I.C.F. CANOE POLO WORLD CHAMPIONSHIPS – MILAN 1 – 5 SEPTEMBER

Tools will be stored in a secured area of the Boat Storage at Idroscalo Club, near the changing rooms.

Close to this area teams will find the tents assigned to each participating country. The space will be proportional to the number of teams registered.

Close to the fields, 4 training fields will be set up with eight goals. In the days leading up to the Championships teams will be able to use the training area according to a specific timetable.

Boat and Equipment Control is under the supervision of the ICF Canoe Polo Committee. The training and boat control schedules will be communicated to the team leaders in due time.

The drinkable water will be supplied to the teams daily.

### FOOD & BEVERAGES

Catering arrangements have been made for participants that would like to stay at the competition site all day, therefore not having to go back to the hotel for lunch.

The participants camping will also be able to take advantage of the catering service at lunchtime.

Lunch Voucher Booklets will be available for purchase **Price: € 14/per meal**

A bistro will also serve light meals and cold and hot drinks.

### ACCOMMODATION

The Organizing Committee agreed prices with 5 hotels located next to the competition area at Idroscalo (see the attached map), where about 738 beds are available. Also special accommodation for tents and caravan only, will be setup next to the tribunes of Idroscalo, which can lodge 100 people.
